

Low Energy Light Bulb

The perfect light bulb to accompany a solar PV & battery energy system, due to its low energy rating & high energy efficiency.

Low energy rating 7W

Off-grid light, 12V DC

Light output is equivalent to a normal 40W light bulb

80% reduced electricity consumption

Long lifetime of 6,000 light hours

Specification

power rating	7W
voltage	12V DC
fitting type	Bayonet
lifetime (lighthours)	6000
dimensions	130x55x55 mm
weight	0.2 kg

bulb only price	£25 inc VAT
bulb holder price	£2 inc VAT
